

OHSE POLICY

Company Safety Statement.

McCabe Construction is committed to employee safety and the protection of our environment at all times. Our priority is the prevention of accidents and/or injury to all who work closely with McCabe Construction.

Safety is the responsibility of each and every employee of the company as well as all of our sub-contractors at our worksites. They will also comply with all applicable municipal, state and federal regulations and legislation. Environmental protection will also be the responsibility of each and every employee and sub-contractor to McCabe Construction at all times.

Management has the responsibility of providing a safe and healthy work environment and a safety attitude will always be promoted and supported.

All employees and sub-contractors must make safety and the protection of the environment the most important part of each and every task and active participation and compliance to the company safety and environmental policies is continually encouraged and is a condition of employment.

Constant safety awareness will enable McCabe Construction to maintain a safe and healthy workplace, protect our environment and offer a high quality, professional service to all our clients.
